# AOV & SMOKE CONTROL SPECIALISTS

[www.aov-systems.co.uk](http://www.aov-systems.co.uk)

**AOV Systems** expertise lies in the Design, Supply, Installation, Commissioning and Maintenance of **Natural & Mechanical AOV & Smoke Clearance Systems**. Our focus is based upon delivery of the project, of the system and of the satisfaction of the Client's needs.

Our turnkey capabilities can be demonstrated and provide comfort by means of our independent equipment selection, as even with the best equipment, Smoke Clearance systems are only effective if correctly designed, installed, commissioned and serviced.

It is therefore important that specifiers select only competent Companies such as **AOV Systems** with a proven track record to undertake the work.

**AOV Systems** have been working the AOV & Smoke Clearance Industry since 2010 & have been involved in numerous scale projects from single stairwell dwellings through to multi-usage, high rise building with complex fire strategies
